

Tony Allan Memorial Fund

The Tony Allan Memorial Fund was established to support charities and causes that were close to Tony's heart. It is a fitting tribute to a person with a great and generous personality for whom nothing is too much if he could help.

This fund will assist Cancer Research and the Marie Curie Hospices and also money will be set aside to benefit Radio Caroline – especially the radio ship – and the Redsand Fort restoration project, both powerful symbols of free radio and free spirit!!

Each charity will receive a share of the money, equally divided.

If anyone feels they want to help out by doing a fundraiser please do not hesitate to get in touch.
